Behind on orders? Let  
handy YELLOW PAGES  
introduce the suppliers  
you need. It's fast convenient.  
Wise buyers say  
there's nothing like the  
YELLOW PAGES of your  
telephone book for getting  
in touch with almost every-  
one around who sells  
things, fixes things, does  
things. Try the YELLOW  
PAGES once . . . you'll use  
them often.

Why not check into the sales-  
building possibilities of the  
Yellow Pages? Call the busi-  
ness office for information  
about advertising in the Yel-  
low Pages. Your advertise-  
ment in the Yellow Pages  
reaches prospective cus-  
tomers when they are ready  
to buy. When they know  
what they want — but not  
where to get it — they turn  
to these Yellow Pages.

## IT'S IN YOUR BEST INTEREST TO CHECK FIRST

If you plan to build or have to excavate, you can avoid accidental damage to cables by checking first.

Before digging starts, Dial "0" Zero & ask for Zenith 07128 (No Toll Charge)

For your own protection and your neighbours', it pays to make sure you are on "safe ground." A severed cable may put hundreds of telephones out of service.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer.  
You can build closer relations with customers.  
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.
