4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

People don't just read the Yellow Pages™

They take action!

Communications Solutions for Alberta Business from AGT.

Call on AGT for solutions to your business communications needs!

Our communications specialists will work with you to design a solution that calls on the most advanced telecommunications in the world. Solutions that provide the added value of AGT's worldwide network and a range of equipment, service and maintenance packages to address your unique business requirements.

AGT's range of Service Packages and predictable, clearly-explained charges takes the "surprise" out of emergency repairs or regular maintenance. And you'll receive the same concerned attention whether or not your voice and data equipment was purchased from AGT.

Call on AGT. We have the communication solutions for Alberta businesses.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Don't forget to plan for
concealed telephone conduit
and convenient locations
for telephone outlets
when you build your new
home. These built-in tele-
phone facilities add real
value to a home yet their
cost is very small if they
are installed during
construction.

Don't forget to plan for
 concealed telephone conduit
 and convenient locations
 for telephone outlets
 when you build your new
 home. These built-in tele-
 phone facilities add real
 value to a home yet their
 cost is very small if they
 are installed during
 construction.
