Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

TALKING YELLOW PAGES®

AFFORDABLE FURNACE SERVICES

LTD.

TALK TO A FURNACE SERVICEMAN ON THE PHONE FOR FREE

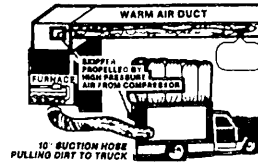

- If any part of your furnace quits--don't panic! give us a call. Sometimes, we can fix your problem over the phone. And you don't pay a dime for this; after all, if it is something simple, why should you be penalized?

- If you don't need a serviceman, he will get your furnace working again in hours not days. We have most systems running again in just a few hours because we stay open 24 hours a day, 365 days a year!! Plus, we stock parts for furnaces over ten years old in addition to new units to save you money.

- Also, our prices are quite modest. You pay only a low flat rate for the diagnosis and repair. You never pay for extra labour hours. So you don't have to worry about a repairman turning into an expensive "houseguest".

- Your repair isn't considered complete until your furnace has run perfectly for three months. In addition to guaranteeing the part repaired, I will guarantee no labour charge on any other part that fails during that time.

- Shouldn't you call right now and get quality service?
