4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Behind on orders? Let
handy Yellow Pages
introduce the suppliers
you need. It's fast convenient.
Wise buyers say
there's nothing like the
YELLOW PAGES of your
telephone book for getting
in touch with almost every-
one around who sells
things, fixes things, does
things. Try the YELLOW
PAGES once . . . you'll use
them often.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Find it fast and easy. Look in the yellow pages index first.

The index starts at the front of the classified section

The one to turn to. AGT YELLOW PAGES

Every employee of the telephone company carries an identification card. We suggest that you refuse access to your premises to anyone who represents himself as from the telephone company, but who cannot so identify himself.

Put more sell in your selling day - with an advertisement in the Yellow Pages, you can reach more prospective customers by advertising in this handy buyer's guide. Thousands of people regularly use the "Yellow Pages" as an answer to their buying needs. If you have a product to sell, or a service to offer, here's the place to tell your prospects about it.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

AAASTRO TRANSMISSION & CLUTCH

Don McKenna
(15 years exp.)
272-5666

MOST TRANSMISSION SHOPS WILL TELL YOU LIES!! AND THAT'S THE TRUTH!!!!

"After 15 years in this business, I've heard them all!

Transmissions, Clutches and Drive-Trains. It's the only business I know. I have no plans to retire soon.

Neither am I here to take all of your money!! I am here to get you back on the road as inexpensively as possible!"

LET'S TALK TRANSMISSIONS. I'LL SHARE WITH YOU MY 15 YEARS OF EXPERIENCE.

First let us find out what the problem is. Often it is simple, requiring little cost to you. **THINK MINOR REPAIR.** After all, if your engine runs rough, you do not replace the engine, you take it in for a Tune-Up. Think the same with your Transmission. At **AAASTRO**, we **ALWAYS** check out the possibility of minor, inexpensive repairs first. For example, often all that is needed is the replacement of an external or rear oil seal. This can be done without removing the Transmission. Should the problem be a front-seal replacement, the Transmission has to be removed. The difference in labour can run up to 6 hours. So, let us examine the inexpensive possibilities first. It is only when the possibility of minor repairs has been exhaustively examined and put aside as inadequate that we will discuss the installation of a re-built transmission. However, we cannot do this over the telephone! If your car is un-driveable, call me and I will have it towed in and checked out. Tell me what you think is wrong and let me have the vehicle diagnosed; discover the problem and quote you a price. This way you are not getting up-sold or ripped off! I listen to my customers first. I only sell you what you need. You will find that my prices are a full 20% lower than comparable High-Quality reputable Transmission Shops, and that is a promise. I believe that vehicle owners are entitled to Low-Price Honest Service. I **DO NOT** believe in getting the customer through the door with a low quote and then up-selling him, sound familiar? Once I have established what the vehicle needs, my **FIRM QUOTE** will never change.

WHAT DO YOU GET?

If there is no alternative but to replace the Transmission, this is what you will get:
YOU GET a fully re-manufactured, re-built to high standard and pre-DYNO-TESTED Transmission.
YOU GET A Brand New high quality Master Parts Kit. The kit contains all of the normal 'wear-and-tear' parts; Metal and Fibre Clutches, Bands, All Seals, All Gaskets, Oil, Filter, Modulator, Torrington Bearing and many other small parts too numerous to list.
We re-furbish all re-usable Hard Parts to Factory Specifications in our in-house machine shop.
YOU GET all of this for **ONE LOW PACKAGE PRICE:** The Transmission, Installation, Labour, Dyno-Testing, Master Parts Kit and Re-furbishing.
We do not charge labour by the hour, it would get far too expensive.
Hard Parts that we cannot re-furbish or re-machine on our lathe, we will supply at additional charge.
Can you get away without this? Not if the parts are damaged. Only if they are needed will we install and charge for them, but you will know this before it is done.

This determines the final price.
What are these hard parts? The Torque Converter, Pump, Planetaries, Drum and such. Rebuilt, **NOT USED PARTS.** But whether the hard parts are re-furbished or replaced, the warranty remains the same.

YOU GET A RE-MANUFACTURED, INSTALLED RE-BUILT TRANSMISSION with a **FULL WARRANTY** for 20,000 km. or a specified Time-Period, whichever comes first.
The Warranty covers the complete Transmission, Parts and Labour.

WHY AASTRO?

My experience is that the primary criteria by which discriminating, high-price paying customers select a Transmission Shop is based on a Brand-Name provider with sure expectations of High Quality. Conversely, when these customers have a bad experience, they will choose **AAASTRO**, based on low price and the correct appraisal that a Brand Name is no guarantee of High Quality.
On a Quality-comparison, no one can undercut our prices. A bold statement? YES! But why is this so? It is simple: **ECONOMIES OF SCALE.**

We are the highest volume Transmission Shop in Canada. Our huge volume enables us to negotiate special price agreements with our major suppliers on a cost-plus percentage of profit basis.
We have a pre-installation **DYNO-TEST MACHINE** which reduces warranty rework cost. No other shop has a Dyno-Tester.
We have a computerized on-board diagnostic monitor. Other shops will tell you it is a Dyno-tester, but it is not.

We have an in-house Machine Shop to eliminate the farming out of expensive Machine Work.
We do not have to pay out up to 15% in Franchise Fees.
We have wholesale prices for the public. Dealerships and other shops buy from us at the same price as you.

We do not add a 3% to 5% flat fee to your bill to cover "Shop Supplies".
We are a one-location, low-overhead operation. More locations equal more overhead. We capture approximately 25% of the Transmission market out of our one location. This leaves the rest to be divided up between approximately 35 other Transmission Shops, plus Dealerships. Then there are countless general repair shops that will do the odd transmission for existing customers. These shops farm out the job, having to add a middleman and related costs.

PRICING POLICY

We have devised a very fair pricing policy, quite different to standard practice within the industry.
The price remains the same whether we install a unit from our inventory or re-build your Transmission.
The price depends on Hard Parts replacement. Replacement of those ones that we cannot re-furbish. Everyone gets a fully re-built Transmission, but not everyone pays for the worst case scenario'.

WHAT IS A DYNO-TESTER?

A **DYNO-TESTER** accurately tests your Transmission **BEFORE** installation. It's eleven gauges give accurate readings of every component of your Transmission. We use it to avoid expensive problems down the road, as do Institutions of Higher Technical Learning and Race-Car Teams.

Why do other shops **NOT** HAVE A **DYNO-TESTER**?

Our competition will not tell you the truth!

In some cases, the Dyno-Tester costs more than the total value of some Transmission Shops. These shops will tell you that **YOUR CAR** is the best Dyno-Tester. Is **YOUR CAR** A **GUINEA-PIG**? How often will the Transmission be installed and then removed before it is found to be satisfactory? **Nation-Wide Franchises DO NOT HAVE A DYNO-TESTER** because it sets the franchise standard. This represents a huge investment. They'd rather lose business to us or use your car as their test-bed.

FORTUITOUS ADVICE

What are the 'dangerous questions' that will cost you?

• **First Dangerous Question:** "How much is a Transmission?" Fly-by-night shops will immediately low-ball you on a price to get you through the door. They will not explain that Transmissions range in price over a dozen categories. You will be told the lowest price. I guarantee that this will change as soon as your car is in their hands as this 'price' will not include many of the components needed. Some of the Transmission categories are: Domestic Three-Speed Automatic RWD, Overdrive, Standard, Front Wheel Drive, FWD Overdrive, 4X4, Computerized Transmission, Heavy Duty Vehicles, Japanese Imports, European Imports and so on. But, whatever you are quoted over the telephone, when you get through the door, your car **WILL NOT FIT** the quoted category price. To give an honest quote, the problem has to be determined first. This cannot be done over the telephone!

• **Second Dangerous Question:** "How much to install a re-built?"
Now the possibility of minor repairs is out the window. Your have just qualified yourself for a major purchase.

• **Third Dangerous Question:** "What is the worst case scenario?"

Now you have qualified yourself for the worst case scenario and you will be charged the worst-case price!

• **Fourth Dangerous Question:** "How much to fix an oil-leak in my Transmission?"

Less honest shops will not explain the simplicity of replacing rear or external seals, as opposed to the need to remove a transmission to change the front seal.

SOLUTIONS

Establish the problem first, then get a price.
Do not be fooled by 'FREEBIES'. How many advertisements have you seen that offer Free Installation, Free Hard Parts, Free Torque Converter, Free GST, Free Oil, Free Towing, Free Courtesy Cars. Are these Charitable Organizations? How do they stay in business? If you are prepared to take the risk, call their bluff! Pay the low advertised price in advance and ask for the freebies and see what you get. There is always a catch.

Do not be fooled by 'Transmission Service' specials, offered at \$19.95. This price is supposed to include new oil, pan gasket, new filter, adjust linkage and bands, clean pan and screen, visual inspection, leak-check and test-drive. This is nonsense. This price does not even cover labour for such work. This is an excuse to get you in and sell you a transmission. We hear these horror-stories every week. Again, offer to pay the 'Service' price in advance. Then there will be those that will invite you for a free diagnostic check. If you go I guarantee that you will end up buying a transmission. Be wary of price when dealing with Nation-Wide Franchises. By Franchise regulations they cannot quote you a price. You have already incurred \$300 in labour costs. My prices are not set by a Head-Office in Eastern Canada or the U.S.A., designed to maximize profits at your expense. Nor do I have to pay a 15% franchise fee to someone else. I pass this savings on to you.

BE SAFE

Many people use the Better Business Bureau as a reasonable guide when evaluating a business. The BBB will tell you that we have such a high volume passing through our shop that, inevitably, there will be a few minor complaints, but all legitimate complaints have been resolved to everyone's satisfaction.

Almost all other shops have had complaints registered against them. What is most important that there has never been a single complaint registered against us where a customer has been asked to pay more than the quoted price.

Nation-Wide Franchises rarely show up in the BBB's records as their head offices in other cities deal with all the complaints. Always remember, a warranty is only as good as the people behind it. Every year, transmission shops go out of business, leaving customers stranded without warranties. Think about this: Which other shop gives you so much detail? Which advertisement is as honest? Be pro-active. Initial clarity avoids future misunderstanding. I live by that principle. That is how I have built what was a very small Transmission Shop into the **HIGHEST VOLUME TRANSMISSION SHOP IN CANADA. AND ALL THIS ON A LOW PRICE.**
