Serving Central & Southern Alberta

There have been dramatic changes in the local funeral industry in recent years. Today, with the high cost of death care services in this area, inadequate information about funerals and other options, can result in a severe financial burden for a family.

What used to be your local neighborhood funeral home is now likely owned by a Corporate funeral chain. These expensive chains must consistently increase prices to pay for expensive overhead, and must generate enormous profits for shareholders.

PERSONAL ALTERNATIVE™ FUNERAL SERVICES provides an affordable alternative to high cost. So don't let the word "alternative" in our name confuse you. We offer all the usual services . . . everything from simple cremation without service to a complete funeral with burial. The difference is, we'll provide it at a much lower cost . . . up to 55% less.

PERSONAL ALTERNATIVE™ comes to you. We'll coordinate all the arrangements in the comfort and convenience of your home. And, you won't have to fear an enormous and unexpected bill at the end.

We're fully licensed by the province of Alberta, and operate our own crematorium. We're highly recommended by clergy, health care providers, social workers and other professionals.

**So, before you make any decisions, call us!
We'll provide costs & options over the phone.**
