Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

Building a home? Plan ahead and install concealed telephone conduits in the most convenient locations: bedrooms, the kitchen, the den or the family room. It's much easier and costs very little to put in additional phone jacks during construction. Plus, it adds to your home's value.
