Long Distance Service

RULES AND REGULATIONS

To Make a Long Distance Call.—Call "Long Distance" in the regular way. When the Long Distance Operator answers, give the number of the Telephone from which you are speaking, your own initials and name, the initials and name of the particular person desired, and the city or town where he can be located.

Example.—Number 167, J. H. Brown speaking. Get W. K. Jones at Calgary. If he is not there, I will speak to A. F. Smith.

Long Distance Charges.—All rates quoted are for an initial period of three minutes. For overtime beyond the initial period a proportionate charge is made per minute.

Long Distance Tolls.—Will be charged to the subscriber from whose instrument the Long Distance Message is sent.

Night Rates.—From 18 o'clock to 6 o'clock a night rate of about one-half the day rate is in effect over the Long Distance Lines of the Alberta Government Telephones. In no case is the night rate less than 25 cents, unless the day rate is less, in which case the night and day rates are the same.

Reversal of Charges.—All charges will be made against the originating office, except those messages for which the receiving party expressly agrees to pay. The assent of the receiving party to a reversal charge should be obtained before the connection is established.

Messenger Service.—Upon request, and the pre-payment of reasonable charges, a message will be sent when possible to notify a non-subscriber to come to any Public Pay Station.

When a particular person is desired the Long Distance Operator must be so advised when the call is placed, otherwise charge will be made from the time connection is established with the Telephone desired, whether the party required is obtained or not.

Non-Subscribers who desire to use subscribers' Telephones should be referred to the nearest Public Pay Station.

Complaint regarding unsatisfactory Long Distance Service should be made to the Local Agent, and if not then rectified the matter should be referred to the Superintendent at Edmonton.
