WANTED INVENTIONS

AN interesting and encouraging thing about these fortune producing inventions is that most of them are of ordinary or minor value in themselves. If you have a notion that you must invent a big thing to make money, get rid of it at once. Many of the Patents that have made their inventors millionaires are those which contained very few entirely new ideas. The simplest ideas have earned fortunes for their patentees. The safety razor, the sanitary drinking cup, the hump hairpin, the demountable tire rim—any of these could have been invented by a man of average ability. In your every day life, at home, at your office, in your shop you handle any number of articles that are subject to improvement. If you can think of a way of improving some article or process already in use, or if you can invent a new useful device or process or article of manufacture, you are on the road to fortune. Dennison made a fortune from a single shipping-tag. Prepare now to meet the demands of industry in All Fields for New Ideas and New Inventions. Before sending your invention to any attorney or manufacturer or disclosing your invention, write for our free blank form "PROOF OF CONCEPTION" in order to protect your invention and secure your rights.

WE ADVERTISE our Clients Inventions Free in INDUSTRIAL CANADA, which is the Official Magazine of the Canadian Manufacturers Association. It pays to have Shipman's Service. Ask for our new Booklet "Patent Protection"

Send Model, Sketch and description of any new inventions you have for Free Opinion as to Patentability. This Certificate of Patentability together with our blank form "Proof of Conception" will protect the Inventor and serve as proof of the invention until the case can be filed in The Patent Office.
