

When This Telephone Directory has Expired, Don't Throw It Away

IT CAN BE RE-USED

To help cut down on the great pollution inherent in the production of paper, the increasing amount of forest cut down to supply the paper mills and the ever-mounting total of garbage in land-fill sites, save this book. The paper in it can be used to manufacture many things, including building papers, shingles, wallboard and insulation.

If there is a Scout or Cub group, a Home & School Association or a Community Association in your area which picks up newspaper, give it to them when you are finished with it, or put it in with SPEC's city-wide newspaper drive.

FOR FURTHER INFORMATION PHONE 263-6106
