BED CARE

Home care authorities say that
innerspring mattresses should be
turned once a month. But latex foam
mattresses need no turning — they
have only one sleeping surface, no
padding or springs, so there is nothing
to mat down or shift.

DIAMOND RING LORE

The diamond, symbol of love, is worn on the fourth finger of the left hand because it was once believed that the vena amoris, or vein of love, ran from this finger directly to the heart. The English Prayer Book of 1549 specified that the marriage ring also be placed on the left hand.

WEDDING RING BOX

The bride's mother is given the wedding ring box by the bridegroom after the ceremony. She keeps it for her daughter. It is never taken on the honeymoon as it is presumed that the bride will wear both her rings continuously at this time — if she ever does in her life.
