### BURNS ON FURNITURE

Some very light burns on wood furniture surfaces can be removed by rubbing with a dry steel wool soap pad, using only slight pressure. Apply furniture polish after. Surfaces that are badly burned should be refinished professionally.

# How?

How can a company  
put a permanent salesman  
in just about every  
Canadian home and  
business?

By placing an ad in the Yellow Pages. Wherever there's a phone, there's a Yellow Pages book. Whenever prospects need a particular product or service, they usually go to the Yellow Pages. If your message is there, your chances for increasing business are multiplied, because nine times out of ten, when people go to the Yellow Pages, they take action!

### SCHOOL LUNCHES

Packing school lunches is a snap if you plan by the week and pack and refrigerate the sandwiches the night before. Try to include a surprise. A good surprise can be any salty snack, a candied apple, a popcorn ball, prunes or dates stuffed with chopped nuts.
