**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

BEDSIDE TABLE

The bedside table never should be used as an extra medicine chest. Toddlers who'll eat anything they can get their hands on can be poisoned by the very drug you take to make you feel better.
