SUN BATHING TIPS

- Initial exposure to the sun should be 30 minutes at the most.
- Never rely on tanning lotions for complete protection.
- White reflects light to a greater degree than colors.
- When using a beach umbrella, place it over a dark towel to prevent reflection.

For Better Hearing

A complete range of outstanding Hearing Aids of matchless workmanship and quality for every type of defective hearing. Constructed for years of good hearing. The company that repairs all makes of hearing aids.

Finest Quality Hearing Aids By

TELEX

PHILIPS — SIEMENS

Bernaphon — Widex and Other Well Known Manufacturers
HEARING AID NEWS

If all your hearing loss is the type where you hear but do not understand all that is being said or where you hear while talking to just one person but everything gets all mixed up when there are a number of people visiting together — come in and see our Telex 46 Cros hearing aid. This hearing aid features a non-occluding ear mold. (An ear mold that does not 'plug' the ear canal.) This new concept in hearing aids allows all natural sound to enter your ear and then supplements your natural hearing so that you hear more clearly. It also eliminates a great deal of background noise which so many people find disagreeable when they wear a hearing aid.

If your hearing loss is severe — try our new behind-the-ear Telex '33'. This is a new high powered hearing aid noted for its clearness and yet 'soft' tone. We also have the Telex '24' & '25' all-in-the-ear type hearing aids which give excellent results.

For very severe hearing losses we recommend our Siemens and Philips conventional hearing aids. We also carry Bernaphon economy type hearing aids of good quality and very low prices. Come in for a hearing aid evaluation test without charge or obligation.

"TAN YOUR HIDE?"

Tanners use the term "hide" when referring to a whole pelt from one of the larger animals — Cattle, horse and so on. They use the term "skin" when referring to the pelt from a young or small animal — sheep, calf, pig.

MARBLE STAINS

Most stains on marble are removed best with the application of a poultice. To make a poultice, soak a piece of white blotting paper, white napkin, white cleansing tissue, or commercial whiting in one of the following solutions: for organic stains, use ammonia or hydrogen peroxide in hair bleach strength; for oily stains, an amyl acetate or acetone solvent.

THREAD PULLING
Threads pull easily for drawn work or hemstitching if they first are lubricated generously with a sliver of soap. Run the soap along a ruler edge to get a straight line, rubbing it well into the fabric.

TASTES FABULOUS

You can make a quick ice cream pie by concocting a crust made up 1 cup of oven toasted uncooked quick oats combined with 1/2 cup firmly-packed brown sugar and 1/3 cup of melted butter. Press the mix onto the bottom and sides of a 9-inch pie pan and fill with 1 quart softened ice cream. Then freeze until firm.
