CHEESE TIP

When cooking with cheese, keep the heat low to let cheese melt completely and spread through the whole dish. Cooking at high heat makes cheese tough and stringy.

PAINTER'S TIP

Professional painters says the cor-
rect way to hold a brush is to
grasp it comfortably near the
handle base. Don't bear down on
the brush. Just exert enough pres-
sure to make the bristles flex
slightly toward the tip.

SAVES WASHING

One way to save a bit of work is to beat egg whites before beating the yolks in recipes that call for separate beating. You won't have to wash the beater before beating the yolks.
