SAFETY FIRST

Always let the cold tap run for a few seconds before placing your child in the tub . . . then if he accidentally turns on the tap, he won't scald himself.

SAVES WASHING

One way to save a bit of work is to beat egg whites before beating the yolks in recipes that call for separate beating. You won't have to wash the beater before beating the yolks.

KNOW YOUR TEA?

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.
