CHEESE TIP

When cooking with cheese, keep the heat low to let cheese melt completely and spread through the whole dish. Cooking at high heat makes cheese tough and stringy.

CORNBREAD TIP

To keep cornbread from sticking to baking pan, melt shortening in the pan and spread over bottom and sides of the pan. Set pan in refrigerator to firm up again. Pour cornbread to bake. The cornbread when baked can be removed easily and will not stick to the pan.
