CORNBREAD TIP

To keep cornbread from sticking to baking pan, melt shortening in the pan and spread over bottom and sides of the pan. Set pan in refrigerator to firm up again. Pour cornbread to bake. The cornbread when baked can be removed easily and will not stick to the pan.

SILVER CLEANING

To clean your silver. Mix one-half
cup of salt and three-fourths cup
of soapflakes with sufficient cold
water to cover the silverware laid
in an aluminum pan. Bring to a
boil, then wash silver in hot soapy
water. CAUTION: Do not use on
filigreed silver. Solution may re-
move the oxidation in the intricate
designs and it will take some time
for them to darken again.
