Have the right number
when you call. It's natural
to trust to memory—but
when memory plays tricks
with a telephone number,
you're delayed. When you
are not sure of a number
—won't you look it up in
the telephone directory?

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.
