

INFORMATION CONCERNING THE NEW POSTAL CODE SYSTEM

The Postal CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number.

There is a space separating the first three characters, called Area Designator, from the last three, the Local Designator.

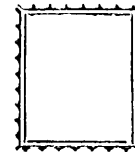

Once you have been given your Postal CODE, it is a permanent part of your address. Your Postal CODE will change only if you move.

ADDRESS CORRECTLY

Return address ensures
prompt return in case of
non-delivery.

Proper prepayment
prevents delay
in delivery.

Mr. L. W. Jones
Suite 530
147 Laurier Ave. W.
Ottawa, Ontario
K1P 5J2

Mr. W. M. Smith
Apartment 5
150 Nepean St.
OTTAWA, Ontario
K2P 0B6

Always give full details of street address, apartment number and name of Post Office. Also include the postal code where applicable.

POSTAL POINTERS

- 1) Address your mail fully, clearly and without misleading abbreviations.
- 2) Be sure to include apartment or suite number in address.
- 3) Place your return address in the upper left corner.
- 4) Give your correspondents your correct postal address including your postal CODE.
- 5) Never enclose coins or other hard objects in letters.
- 6) Send remittances by Post Office Money Order.
- 7) Properly pack parcels.
- 8) Place postage stamps in upper right corner. Prepay postage fully.
- 9) Insure your parcels and register letters of value.
- 10) Mail early and often. Mail deferred until the last moment may miss early despatches.

SURVIVAL IN A NUCLEAR WAR

THOUSANDS OF LIVES CAN BE SAVED IF THE PEOPLE OF ALBERTA KNOW THE CORRECT ACTION TO TAKE SHOULD A NUCLEAR WAR OCCUR. IT IS IMPERATIVE THAT THE FOLLOWING IMPORTANT FACTS ARE LEARNED AND REMEMBERED.

Emergency Warning

ATTACK WARNING:

The "Attack Warning" signal is a wailing (undulating) tone on sirens of three to five minutes duration or short blasts on horns or other devices repeated as deemed necessary. The Attack Warning means that an attack on North America has been detected.

On hearing the "Attack Warning" signal, protective action should be taken; here are some suggestions:

- If you are at home go to the basement or strongest part of your house or building which offers the best protection.
- Take your battery radio with you, or turn up the house radio so that you can hear while under cover.
- Stay away from windows.
- Lie down and protect yourself from flying glass and falling debris.
- Shield your eyes from the flash of an explosion.
- If you are away from home take protective cover immediately.
- If you are only a few minutes from a safe destination, proceed and take protective cover immediately.
- Listen to your radio for further instructions.

The same undulating signal may also be used following an attack to warn that radioactive fallout from nuclear explosions is approaching a particular area or region. Upon hearing this signal, you should listen to your radio for further instructions.

DON'T USE YOUR PHONE. Jammed switchboards could delay lifesaving messages.

DON'T PANIC. Warnings do not necessarily mean your area will be attacked.

DON'T GO OUTSIDE. Missing members of your family are probably sheltered elsewhere.

DO LEARN ABOUT YOUR COMMUNITY SURVIVAL PLAN. Contact your Emergency Measures Co-ordinator.

DO VOLUNTEER. Offer your services to your local Emergency Measures Organization.

DO PROVIDE YOUR FAMILY WITH FALLOUT PROTECTION — DO IT NOW.

Emergency Arrangements

ADVANCE PLANNING

A future war will be different from previous ones. There will be no time to make plans.

Families should plan ahead to provide themselves with fallout protection and emergency supplies.

A selection of booklets explaining the dangers of nuclear war, and outlining protective measures which should be undertaken in advance, is available free of charge from your local Emergency Measures Organization, or by writing to Alberta Emergency Measures, Box 10,000, Edmonton.

EMERGENCY SUPPLIES

Your Family should be equipped with a two week supply of food and water in covered containers, clothing and blankets, emergency lighting, heating and sanitation equipment, a first aid kit, including special medicines required by members of the family, and, **MOST IMPORTANT OF ALL, A BATTERY OPERATED RADIO AND SPARE BATTERIES.**

DISPERSAL

If you live in the higher risk areas of Edmonton or Calgary and plan to evacuate if a warning is sounded, learn your dispersal route and have the emergency supplies listed above, ready for immediate use.

Radio broadcasts will inform you on the action to be taken immediately following the attack warning.

If you live outside the higher risk areas, you should remain in your house, pending broadcast instructions.

For further information contact your local Co-ordinator of Emergency Measures or write

BETTER CHICKEN

To have really succulent broiled chicken, allow ample time for the broiling process. It may take as long as 40 minutes to broil small broiler-fryers that have been cut into serving-size pieces.

A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.

GARLIC ANYONE?

For those who like only a slight hint of garlic in salads, toss a clove of garlic into a bottle of vinegar. A delightful home-made garlic vinegar is on hand for salad dressings without messy preparation from garlic buds.

CARE OF IRON

The bottom sole plate of an iron can be renewed to a glassing, glasslike finish if you'll rub with some slightly dampened and a crumpled piece of paper. This treatment not only smooths scratches, but removes corrosion and starch from the bottom of iron.

CORNBREAD TIP

To keep cornbread from sticking to
baking pan, melt shortening in the
pan and spread over bottom and
sides of the pan. Set pan in re-
frigerator to firm up again. Pour
cornbread to bake. The cornbread
when baked can be removed easily
and will not stick to the pan.

BOIL, THEN SIMMER

To cook fresh pork hocks cover
 them with water, bring to boiling
 and then simmer until the meat is
 tender—two and one half to three
 hours.
