It's easier to understand
and jot down numbers
too, if they are spoken in
sequence with pauses be-
tween groups of numer-
als. For instance, in read-
ing a loud the telephone
number of our business
office, we would say,
"Two two four (pause) six
two, six one."

Kitchen, bedroom, living
room — these are only a
few of the rooms where
extension telephones will
save you steps all day
long. They come in a va-
riety of beautiful colors.
Just call our telephone
business office.
