MOST VALUABLE

The most valuable part of the potato-protein and mineral matter is directly under the skin, so to cut thick parings is to throw away good food. It is really better to cook potatoes in their skins.

USE AS MOBILE

Shells from eggs used in cooking make attractive mobiles when tied to wire crossbars or painted coat hangers and hung where a movement of air will make them sway.

KNOW YOUR TEA?

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.
