USING MORE SALAD OIL  
Canadians are consuming more  
cooking and salad oils than they  
were 20 years ago, and showing  
also a preference for vegetable oils.  
One reason — increasing popu-  
larity of salads in the diet.

Use aluminum foil to divide an ob-long baking dish. Place small amounts of leftovers in each section to warm. Not only does it have everything warm at one time, but it saves washing many pots and pans.

**MORE INSTANT COFFEE USED**  
 Canadians are drinking less coffee,  
 or at least using fewer beans, than  
 in the late 1940's. Part of the drop  
 is due to introduction of instant  
 coffee during the 1950's. Instant  
 products now make up nearly one-  
 fifth of total coffee consumption.
