PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.

FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.

MOST VALUABLE

The most valuable part of the
potato-protein and mineral matter
is directly under the skin, so to
cut thick parings is to throw away
good food. It is really better to
cook potatoes in their skins.

Two friendly telephone
 habits . . . quick to answer
 when your telephone
 rings; SLOW to hang up
 when you call someone
 who does not immedi-
 ately respond. When calling
 others, remember that the
 called person may be al-
 most there . . . so wait a
 few seconds longer.

CORNBREAD TIP
To keep cornbread from sticking to
baking pan, melt shortening in the
pan and spread over bottom and
sides of the pan. Set pan in re-
frigerator to firm up again. Pour
cornbread to bake. The cornbread
when baked can be removed easily
and will not stick to the pan.
