For accurate dialing of your calls, wait a few seconds for the steady humming sound of the dial tone. Then dial each numeral gently, without forcing. If you get a busy signal, please hang up before dialing again.

FURNITURE STAIN REMOVER

If you have a piece of heat-stained furniture, apply a thin paste of salt and salad oil. Let stand for an hour, then remove. Unless the stain has really penetrated the grain of the wood, it will respond to this treatment.
