**A HEAVY LOAD**  
Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.

Get the Yellow Pages habit.

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.
