A HEAVY LOAD

Shoppers each year carry some 1,400 pounds of groceries home for each person in the family. The load, however, is about 100 pounds lighter than it was in the 1940's — partly because of increases in food processing, partly because of changes in consumer tastes.

PATCHING HOLES

Is there a hole in the wall where you took down the picture? Don't despair — repair! Mix equal amounts of salt and starch with just enough water to make a plaster-like paste. Holes will be covered and no one will know your salt secret.
