KNOW YOUR TEA?

A tea taster may be able to identify as many as 1,500 different teas. By examining a dry leaf, he can tell where the tea was grown, sometimes even the estate it came from, what time of year it was plucked, its probable taste and cost.

A HEAVY LOAD

Shoppers each year carry some
1,400 pounds of groceries home for
each person in the family. The
load, however, is about 100
pounds lighter than it was in the
1940's — partly because of in-
creases in food processing, partly
because of changes in consumer
tastes.
