PATCHING HOLES

Is there a hole in the wall where you took down the picture? Don't despair — repair! Mix equal amounts of salt and starch with just enough water to make a plaster-like paste. Holes will be covered and no one will know your salt secret.

SCRATCHED WOODWORK

One way to repair deeply scratched woodwork is by filling the scratches with a mixture of fine sawdust and spar varnish. After this filling has hardened completely, smooth it down with fine sandpaper.
