MORE INSTANT COFFEE USED
Canadians are drinking less coffee,
or at least using fewer beans, than
in the late 1940's. Part of the drop
is due to introduction of instant
coffee during the 1950's. Instant
products now make up nearly one-
fifth of total coffee consumption.

MORE INSTANT COFFEE USED
Canadians are drinking less coffee,
or at least using fewer beans, than
in the late 1940's. Part of the drop
is due to introduction of instant
coffee during the 1950's. Instant
products now make up nearly one-
fifth of total coffee consumption.

PAINTER'S TIP

Professional painters say the correct way to hold a brush is to grasp it comfortably near the handle base. Don't bear down on the brush. Just exert enough pressure to make the bristles flex slightly toward the tip.
