

INFORMATION CONCERNING THE NEW POSTAL CODE SYSTEM

The Postal CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number.

There is a space separating the first three characters, called Area Designator, from the last three, the Local Designator.

Once you have been given your Postal CODE, it is a permanent part of your address. Your Postal CODE will change only if you move.

ADDRESS CORRECTLY

Return address ensures prompt return in case of non-delivery.

Proper prepayment prevents delay in delivery.

147 Laurier Ave. W.
Ottawa, Ontario
K1P 5J2

Mr. W. M. Smith
Apartment 5
150 Nepean St.

The diagram shows a rectangular envelope. On the left side, the return address is written. On the right side, there is a rectangular box with a scalloped border, representing a postage stamp. Below the envelope, the recipient's address is written.

Always give full details of street address, apartment number and name of Post Office. Also include the postal code where applicable.

**WHY CHOOSE
A CHARTERED ACCOUNTANT?**

CAs have the **PROFESSIONAL TRAINING** - a combination of academic studies and practical experience - the **PROFESSIONAL STANDARDS** - of a self-governing profession that is aware of its public responsibilities - and the **RESOURCES** - both research and professional development programs that keep the profession up-to-date. It's only logical to choose a chartered accountant for **SERVICES** involving auditing; financial, management, and income tax advice; accounting systems, estate planning, or management consulting.

NOT ALL ACCOUNTANTS ARE CHARTERED. Although others offer these services to the public only those who have met the qualifying standards can, by law, be designated as chartered accountants.
