SCRATCHED WOODWORK

One way to repair deeply scratched
woodwork is by filling the
scratches with a mixture of fine
sawdust and spar varnish. After
this filling has hardened complete-
ly, smooth it down with fine
sandpaper.

A store may not immediately come to the mind of a prospect when special services are desired; such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Telephone Directory. Thus they direct more business their way.

START SOON

The family doctor should be consulted about vaccination and immunization soon after the baby is born.

ABOUT EVEN

Sherbet contains less milk fat than ice cream, but more sugar.
