Two friendly telephone habits . . . quick to answer when your telephone rings; SLOW to hang up when you call someone who does not immediately respond. When calling others, remember that the called person may be almost there . . . so wait a few seconds longer.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.
