Have the right number when you call. It's natural to trust to memory—but when memory plays tricks with a telephone number, you're delayed. When you are not sure of a number—won't you look it up in the telephone directory?

For accurate dialing of
your calls, wait a few seconds
for the steady humming sound
of the dial tone. Then dial each
number gently, without forcing.
If you get a busy signal, please
hang up before dialing again.
