It's easier to understand and jot down numbers too, if they are spoken in sequence with pauses between groups of numerals. For instance, in reading aloud the telephone number of our business office, we would say, Two two four (pause) six two, six one."

Twinkle
 twinkle
 little car.

How would you like to have a car that stayed shiny and repelled dirt?
 A car that looked like it just sailed out of the showroom, month after month
 A car that required no work from you, other than the occasional wash.
 Sound good? Call Tidy Car.
 If your car is brand new, we'll keep it looking that way. If it's showing its years, we'll clean and shine the years away. And best of all, we'll do the work where you want and when you want.

Never wax your car again.

Tidy Car's Preserv-A-Shine can do just that—give your car a showroom shine and preserve it for the life of the car.
 Preserv-A-Shine is not a wax. It's an exclusive formula that's actually buffed into the surface of the car to give a protective glass-like shine that seals out the harmful effects of oxidation, salt, snow and sun.
 The Preserv-A-Shine process includes initial treatment and an annual cleaning and

resealant job. And it means you'll never have to wax your car again.

The inside story.

Tidy Car will also shampoo everything inside your car from the floor mats up. And we can give the seats and carpets a special treatment to water and stain-proof them.

Nobody tops our tops.

If your vinyl roof is dingy, Tidy Car will clean it and restore the original lustre. We'll also apply a special dressing to seal and protect the vinyl for months, making it virtually impossible for dust and dirt to stick.

How much do these professional services cost? Less than you'd expect, because Tidy Car operators have little overhead. We bring our mobile equipment to you, just about anywhere and anytime.

Which means we can also do boats, trucks, vans and planes.

Call Tidy Car for a quote, and we'll be right over to give your car a twinkle.

TIDY CAR

We do your car wherever you are.

System 6 shields the shine for years without waxing!

System 6 is a unique, super-hard, crystal clear car finish plating, available only at your Tuff Kote Dinol dealer. We believe it outshines and outlasts any other professionally-applied car finish or do-it-yourself product. It's so good that Tuff-Kote Dinol warrants it in writing for 4 full years on new cars, or 2 years on most used cars.

What Makes System 6 Superior?

The exclusive high-gloss formulation of System 6 actually becomes part of the finish on your car, sealing it from oxidization and providing it with a hard, mirror-like surface.
