**4 GOOD REASONS FOR
HANDLING COMPLAINTS
BY LONG DISTANCE**

- 1 You can talk over matters at once — promptness often prevents loss of a customer.
- 2 You can use tact in delicate situations.
- 3 You can build closer relations with customers.
- 4 And because men talk more freely than they write, you can frequently trace the real reason for the complaint — and prevent similar complaints in the future.

A store may not immediately
come to the mind of a prospect
when special services are de-

establishments, realizing this,
advertise under several clas-
