**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**  
You can talk over matters at once. Promptness often prevents loss of a customer.  
You can build closer relations with customers.  
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Telephone service is a friendly  
 service. The people who op-  
 erate and maintain it take a  
 genuine satisfaction in serving  
 you pleasantly and well. People  
 who use the telephone a great  
 deal find that friendliness is an  
 instinctive habit. The telephone  
 helps folks to know each other  
 better.

You can talk over matters at once. Promptness often prevents loss of a customer.

You can build closer relations with customers.

You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

For home or business
