4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

your source[™] for absolutely everything...

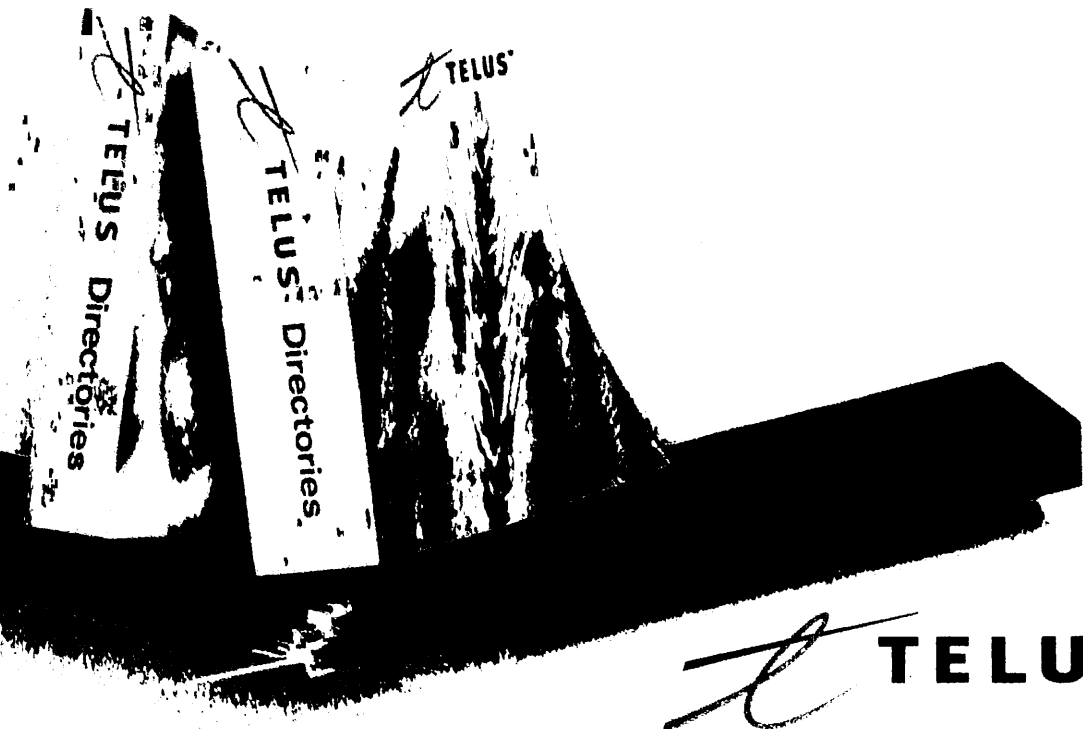

Including customers.

Ads in the TELUS directories work hard for your business – 24 hours a day, 365 days a year. No other advertising medium is so well positioned to be in the right place at the right time. And, since TELUS directories are found in virtually every home and business in Alberta, your business is reaching virtually everyone.

You can also reach more buyers with TELUS coupons, banner ads and features like the Internet Guide, which offer more advertising choices for you and increased exposure to potential customers.

TELUS directories also get used on a regular basis. Research shows Albertans use their TELUS directories, on average, 3 times a week.* Take advantage of one of the best advertising mediums available.

Call TELUS Advertising Services at 1-800-661-4260.
We'll help you build a powerful advertising program.

TELUS[®]

Smart Solutions

We understand that every business is unique. So we work with you to customize a telecommunications solution that is right for your business. Our industry expertise and technological innovation enable us to deliver systems that help you work smarter.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

Calling 9-1-1
 Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.
