The men and women of your  
Telephone System are condi-  
tioned to conquering emergen-  
cies and are trained to carry on  
in times of special need. For  
years they have known the test  
of fire, flood and storm. Always  
before them is the telephone in-  
dustry tradition that the "mes-

There is one asset your telephone system has which isn't listed on it's books. It's important. Some call it tradition—the "spirit of service". Whatever it is one thing is sure. No one can work in the telephone industry long without catching it. Your country has the finest telephone service in the world because of it. A service it pays you to use.
