

INFORMATION CONCERNING THE NEW POSTAL CODE SYSTEM

The Postal CODE is composed of both letters and numbers, in the form of ANA NAN, where "A" represents a letter of the alphabet, and "N" a number.

There is a space separating the first three characters, called Area Designator, from the last three, the Local Designator.

Once you have been given your Postal CODE, it is a permanent part of your address. Your Postal CODE will change only if you move.

The men and women of your Telephone System are conditioned to conquering emergencies and are trained to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the telephone industry tradition that the "message must go through".
