**THE ALL NEW
ALL-TRANS
SYSTEM
WON'T LET YOU
DOWN.**

TEL. 426-5460

1. We examine your car free of charge. Using a cut-away of a transmission we actually show you where your car is in need of service or repair.
2. We tell you what your maximum cost will be before repairs are started. But we also give you a minimum price. In fact, we often open a transmission and discover less work is required. That's why we replace transmissions in only about one out of every 15 cars. At ALL-TRANS we're in the transmission repair business, not the transmission replacement business.
3. When you pick up your car you'll find we stand behind our work. For example, major repairs and replacement transmissions are guaranteed for as long as you own the car — simply return it to us annually for normal servicing.
