WHY CHOOSE A CHARTERED ACCOUNTANT?

CAs have the **PROFESSIONAL TRAINING** - a combination of academic studies and practical experience - the **PROFESSIONAL STANDARDS** - of a self-governing profession that is aware of its public responsibilities - and the **RESOURCES** - both research and professional development programs that keep the profession up-to-date. It's only logical to choose a chartered accountant for **SERVICES** involving auditing; financial, management, and income tax advice; accounting systems; estate planning; or management consulting.

NOT ALL ACCOUNTANTS ARE CHARTERED. Although others offer these services to the public only those who have met the qualifying standards can, by law, be designated as chartered accountants.
