DON'T KEEP IT A SECRET!
 Tell the ready-to-buy people about the products and services you sell.
 Advertise in the YELLOW pages! Display the brand names of the products you sell and repair. Make it easier for people to buy from you.

IT'S IN YOUR BEST INTEREST TO CHECK FIRST

If you plan to build or have to excavate, you can avoid accidental damage to cables by checking first.

Before digging starts, Dial "0" Zero & ask for Zenith 07128 (No Toll Charge)

For your own protection and your neighbours', it pays to make sure you are on "safe ground." A severed cable may put hundreds of telephones out of service.

Why not check into the sales-building possibilities of the Yellow Pages? Call the business office for information about advertising in the Yellow Pages. Your advertisement in the Yellow Pages reaches prospective customers when they are ready to buy. When they know what they want — but not where to get it — they turn to these Yellow Pages.

Would you like a separate business listing under your own name in the Telephone Directory? Does anyone in your home wish a personal listing? The convenience of extra listings is great, the charge is small. Call the business office of the Telephone Company.

NEED SOME SERVICE?
When the job calls for expert service, you can find just the people to do it by looking in the **YELLOW PAGES**. It's the easy, fast way to find anything you need — services, stores or products.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because men talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

UTENSIL TIP
Nonstick kitchen utensils, especially bakeware, should be oiled before the first use to condition the surface. One method is to wipe the surface with a paper towel soaked in salad oil.

SCRATCHED WOODWORK

One way to repair deeply scratched woodwork is by filling the scratches with a mixture of fine sawdust and spar varnish. After this filling has hardened completely, smooth it down with fine sandpaper.
