Telephone calls used to be a scream  
but today, a normal voice  
will do. The difference is improved  
transmission—better ways to get your  
voice from here to there. Simply  
talk in a normal tone of voice into  
the receiver and your words will go a  
long way.

The measurement of advertising media is circulation, volume of advertising carried public acceptance (usage), and economy. Yellow Pages meets every requirement and gives the bonus of permanence.

People who are ready to buy turn first to the Yellow Pages. If you have something to sell or a service to offer, here's the place to tell about it. The "Yellow Pages" places your name, address and telephone number before the buyer at the very moment he wants your product or service. Call the business office for information.

Telephone calls used to be a scream but today, a normal voice will do. The difference is improved transmission—better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.
