Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.

The Yellow Pages places your name, address and telephone number before the buyer at the very moment he wants your product and service.

Compare your advertising in the Yellow Pages to your competitor's. What is your competitor offering? Do you offer more? Tell your customers all they need to know in your Yellow Pages ad
