4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer.
 You can build closer relations with customers.
 You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Your business — is it completely and adequately represented in the phone book? Listings of partners, officials and salesmen make it easy for customers to do business with you. Ask our telephone business office.

Would you like a separate business listing under your own name in the Telephone Directory? Does anyone in your home wish a personal listing? The convenience of extra listings is great, the charge is small. Call our Business Office.
