ADVERTISING INFORMATION

AGT Yellow Pages™ advertising is an efficient and effective way of reaching your customer. It is in virtually every home, store, hotel & office, making it available 24 hours a day, 365 days a year. Most importantly, your potential customer uses the Yellow Pages™ - 9 out of 10 adults consult the book at least 34 times annually. Studies also show that over 90% of references to the Yellow Pages™ followed up with a phone call, visit or letter.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE

You can talk over matters at once. Promptness often prevents loss of a customer. You can build closer relations with customers. You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Telephone service is a friendly service. The people who operate and maintain it take a genuine satisfaction in serving you pleasantly and well. People who use the telephone a great deal find that friendliness is an instinctive habit. The telephone helps folks to know each other better.

Why not check into the sales-building possibilities of the Yellow Pages? Call the business office for information about advertising in the Yellow Pages. Your advertisement in the Yellow Pages reaches prospective customers when they are ready to buy. When they know what they want - but not where to get it - they turn to these Yellow Pages.
