Injuries can change your whole life. They can rob you of your mobility. Your career. They can cause pain. They can erase memories. They can take away a bread winner, a care giver.

Money can't cure anything. But it can help rebuild a life after a serious injury. Therapy, re-education, counselling, personal care, the provision for barrier-free housing — these can make the difference between regaining a satisfying productive life after an injury, or suffering dependence, discouragement and frustration.

There are all kinds of success stories. Courageous people have overcome some of the most devastating injuries. But it takes more than a brave spirit. It takes money, too.

Count on Experience
Victims of Injury need help from skilled lawyers if they are to gain the compensation they need and deserve. At Sulyma Stewart, our lawyers have a combined total of nearly 50 years of experience in the Alberta justice system. We take your case through the legal process efficiently and without delay.

We have obtained for our clients tax-free, life-time payments providing in excess of \$16 million over the client's normal lifespan. Obviously compensation varies according to the severity of injuries, but at Sulyma Stewart we have a reputation for getting results.

Finding the experts
We know the kind of experts it takes to help prove your case. We have access to a variety of respected specialists who provide informed effective testimony.

What about fees?

Sulyma Stewart knows that most injured people and their families don't have the ready funds to fight a legal battle. That's why we will work on a percentage basis. We get paid after you win. When experts must be retained, special arrangements can be made to allow you to defer those costs, too.

Not all the help you need comes from the legal system

We are neither social workers nor counsellors, but we are often able to assist clients in finding the community resources needed to begin the journey to new independent lives.

Sulyma Stewart — Your choice for results

If you or someone near you has suffered an injury, contact Sulyma Stewart and arrange for a free consultation. Our offices are accessible. So is our service.

Call today for your free consultation. Home and hospital visits available.

4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE
You can talk over matters at once. Promptness often prevents loss of a customer.
You can build closer relations with customers.
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.
