**4 GOOD REASONS FOR HANDLING COMPLAINTS BY LONG DISTANCE**  
You can talk over matters at once. Promptness often prevents loss of a customer.  
You can build closer relations with customers.  
You can use tact in delicate situations. And because people talk more freely than they write, you can frequently trace the real reason for the complaint and prevent similar complaints in the future.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home yet their cost is very small if they are installed during construction.
