## Internet Services

Like this directory, the Internet is a tool for quickly accessing valuable information. And more! If you can imagine it, odds are it's on the Web.

The key is ease and reliability, and that's [telus.net](http://www.telus.net), Western Canada's largest Internet service provider. Along with dependability, we provide tools, support, and choices so you can pick the service best suited to you. Going online with us also means:

- products and services ranging from Dial-up to High Speed ADSL\* for home and small business
- at least one free e-mail account
- technical support 24 hours a day, 7 days a week
- free Web-based e-mail access
- convenient and easy-to-use online support

Open your world to the Internet ... with TELUS!

\*High Speed services may not be available in all areas.

**Calling 9-1-1**

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.
