Safety tips for KIDS

Your Key:

Keep your key hooked onto you in some safe way. Keep your key a secret, even from your friends. Nobody but your contact person needs to know that you are going to be home alone. Your parents will want to give an extra key to your contact person. Then if you lose your key, you can go to your contact person for help.

PARENTS: Teach your children how to be safe

Calling 9-1-1

Each year, in Canada, over three million calls are made to emergency services by cell phone Samaritans. When calling 9-1-1 in an emergency situation, here are some tips to keep in mind:

1. Advise the operator you are speaking on a cell phone.
2. Give the operator your 10-digit cell phone number, along with your full name.
3. Provide your exact location. If you don't know the exact location of the incident, try to mention landmarks or highway signs in the area.
4. Stay on the line until the operator says it is ok to hang up.
5. After you've hung up, leave your cell phone on in case the operator needs to call you back.

How to be a Local Hero

Feel Good

Give your time or money to a cause you believe in and see how good it makes you feel. The nice thing about being a Local Hero is that you always get back more than you give. Be a Local Hero.
